Christopher McDermut, Engineering Manager, Checkout

The Company

Mission

- "Equal Justice For All"

History

Founded 1976 by Harland Stonecipher to provide affordable legal services through legal expense insurance plans

Legal Insurance Product

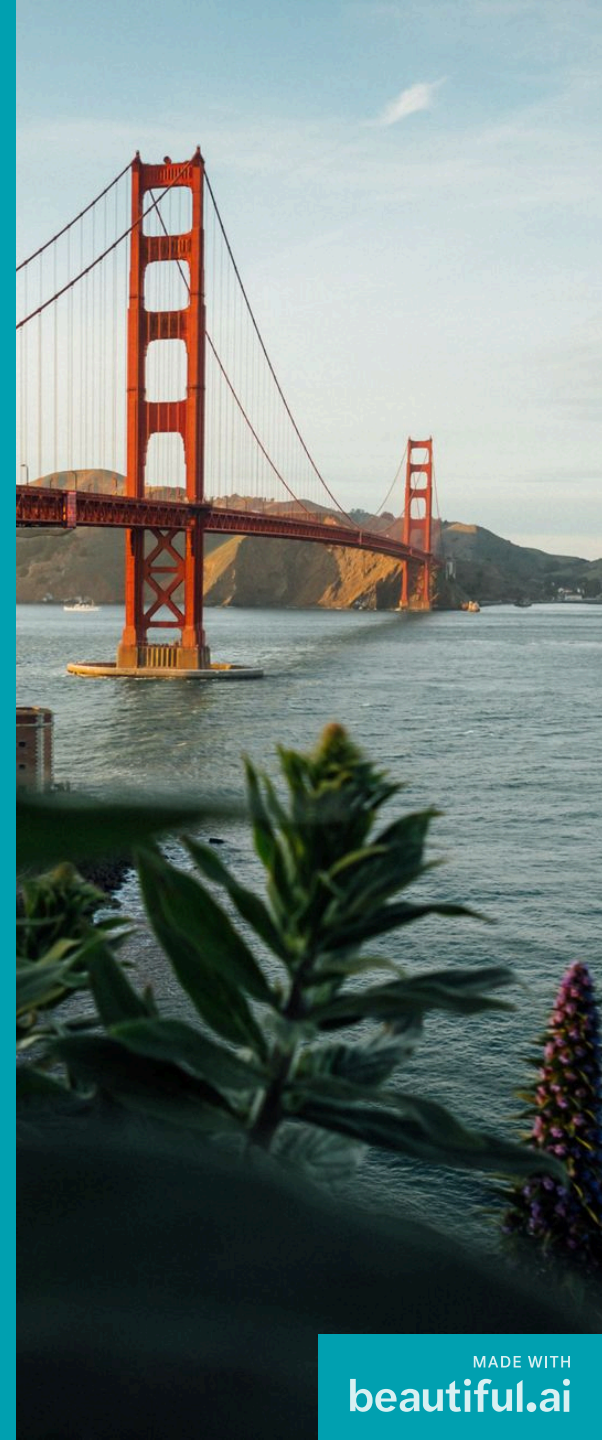

Instead of paying a lawyer by the hour, pay a small monthly fee and get access to a lawyer that can advise you on a huge variety of issues—but without a huge bill.

Plan Types

- Personal
- Identity
- Drivers
- Small Business
- Family

The Challenge

- 1 Legacy monolithic checkout system on-premise
- 2 Frequent downtime putting \$250M annual revenue at risk
- 3 Four business lines dependent on single brittle system
- 4 Unable to iterate fast enough for business needs
- 5 Technical debt accumulating, maintenance costs rising

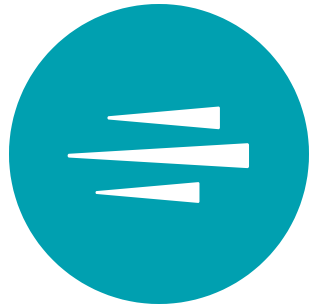

Project Goals

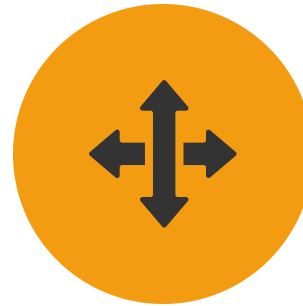

Zero-downtime migration

- No revenue loss during transition

Faster time-to-market

- Enable rapid iteration on checkout experience

Modernize and scale efficiently

- Cloud-native architecture reducing costs 40% while supporting growth

Unified customer experience

- Consistent checkout across all products
- Improved conversion and revenue optimization

The team

Talent wins games, but teamwork and intelligence win championships. -
Michael Jordan

United States/Canada => PT/MT/CT/ET

- ✓ Ben McHugh - Mid-level Engineer // Ruchi Garg - Mid-level QA Engineer
- ✓ Joe Valdez - Entry-level Engineer // Evan Richards - Senior Engineer
- ✓ Nico Cabrera - Senior Engineer // Pablo Larrea - Senior Engineer

Costa Rica => CT

- ✓ Carolina Laoiza - Mid-level Engineer
- ✓ Carlos Guillen - Senior Engineer
- ✓ Andres Esteban - Senior Engineer

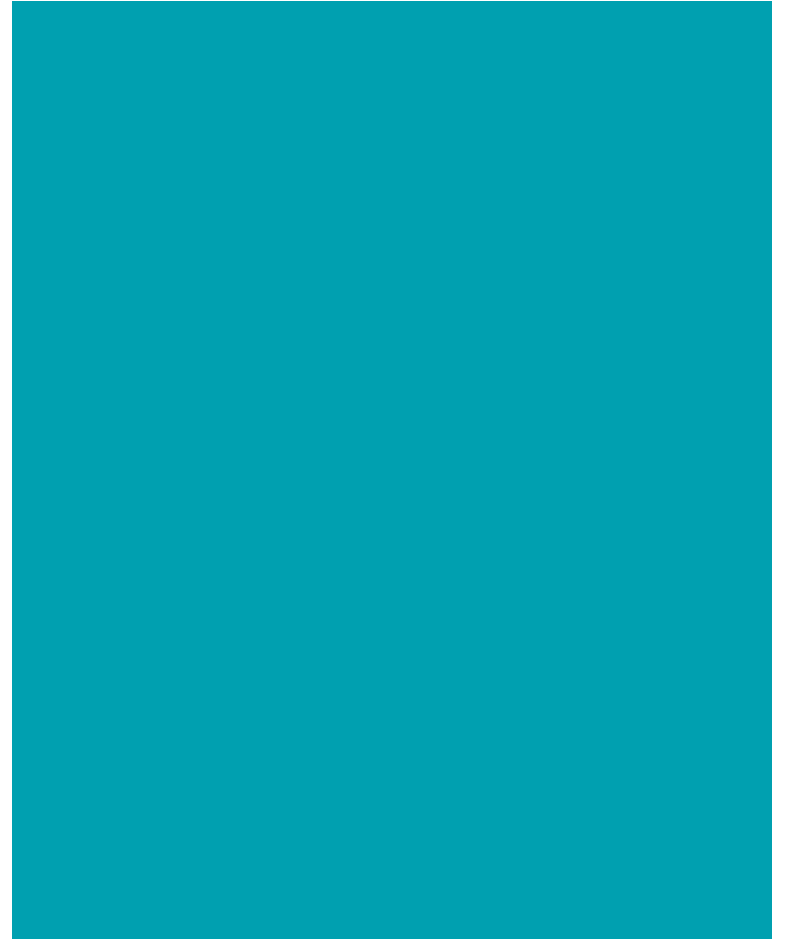

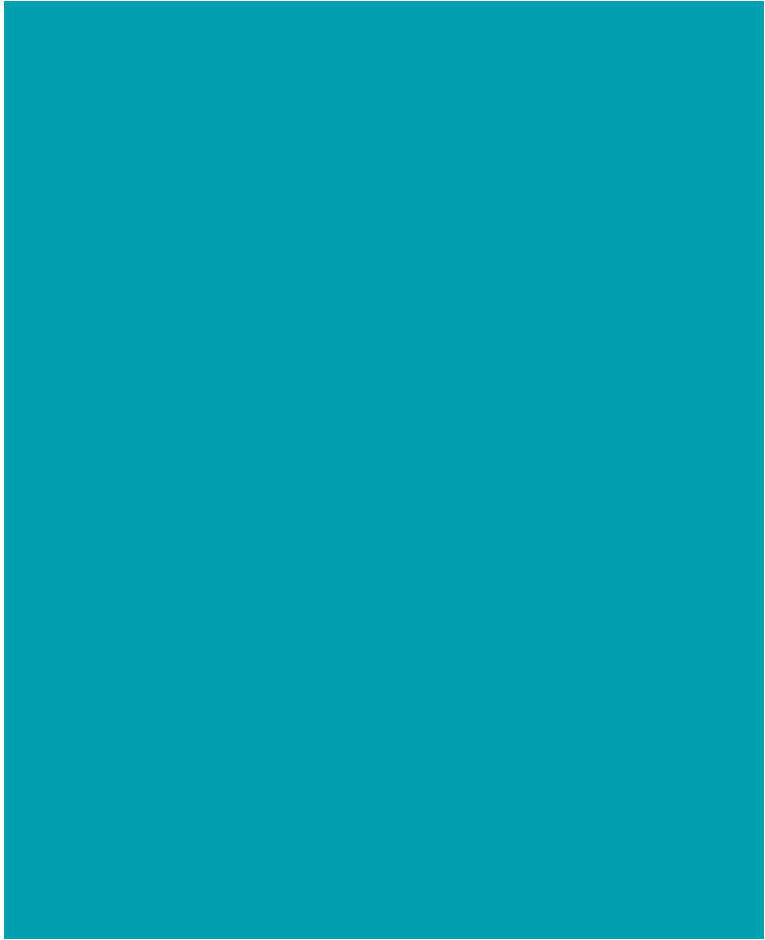

Argentina/Uruguay/Sweden => ART/CET

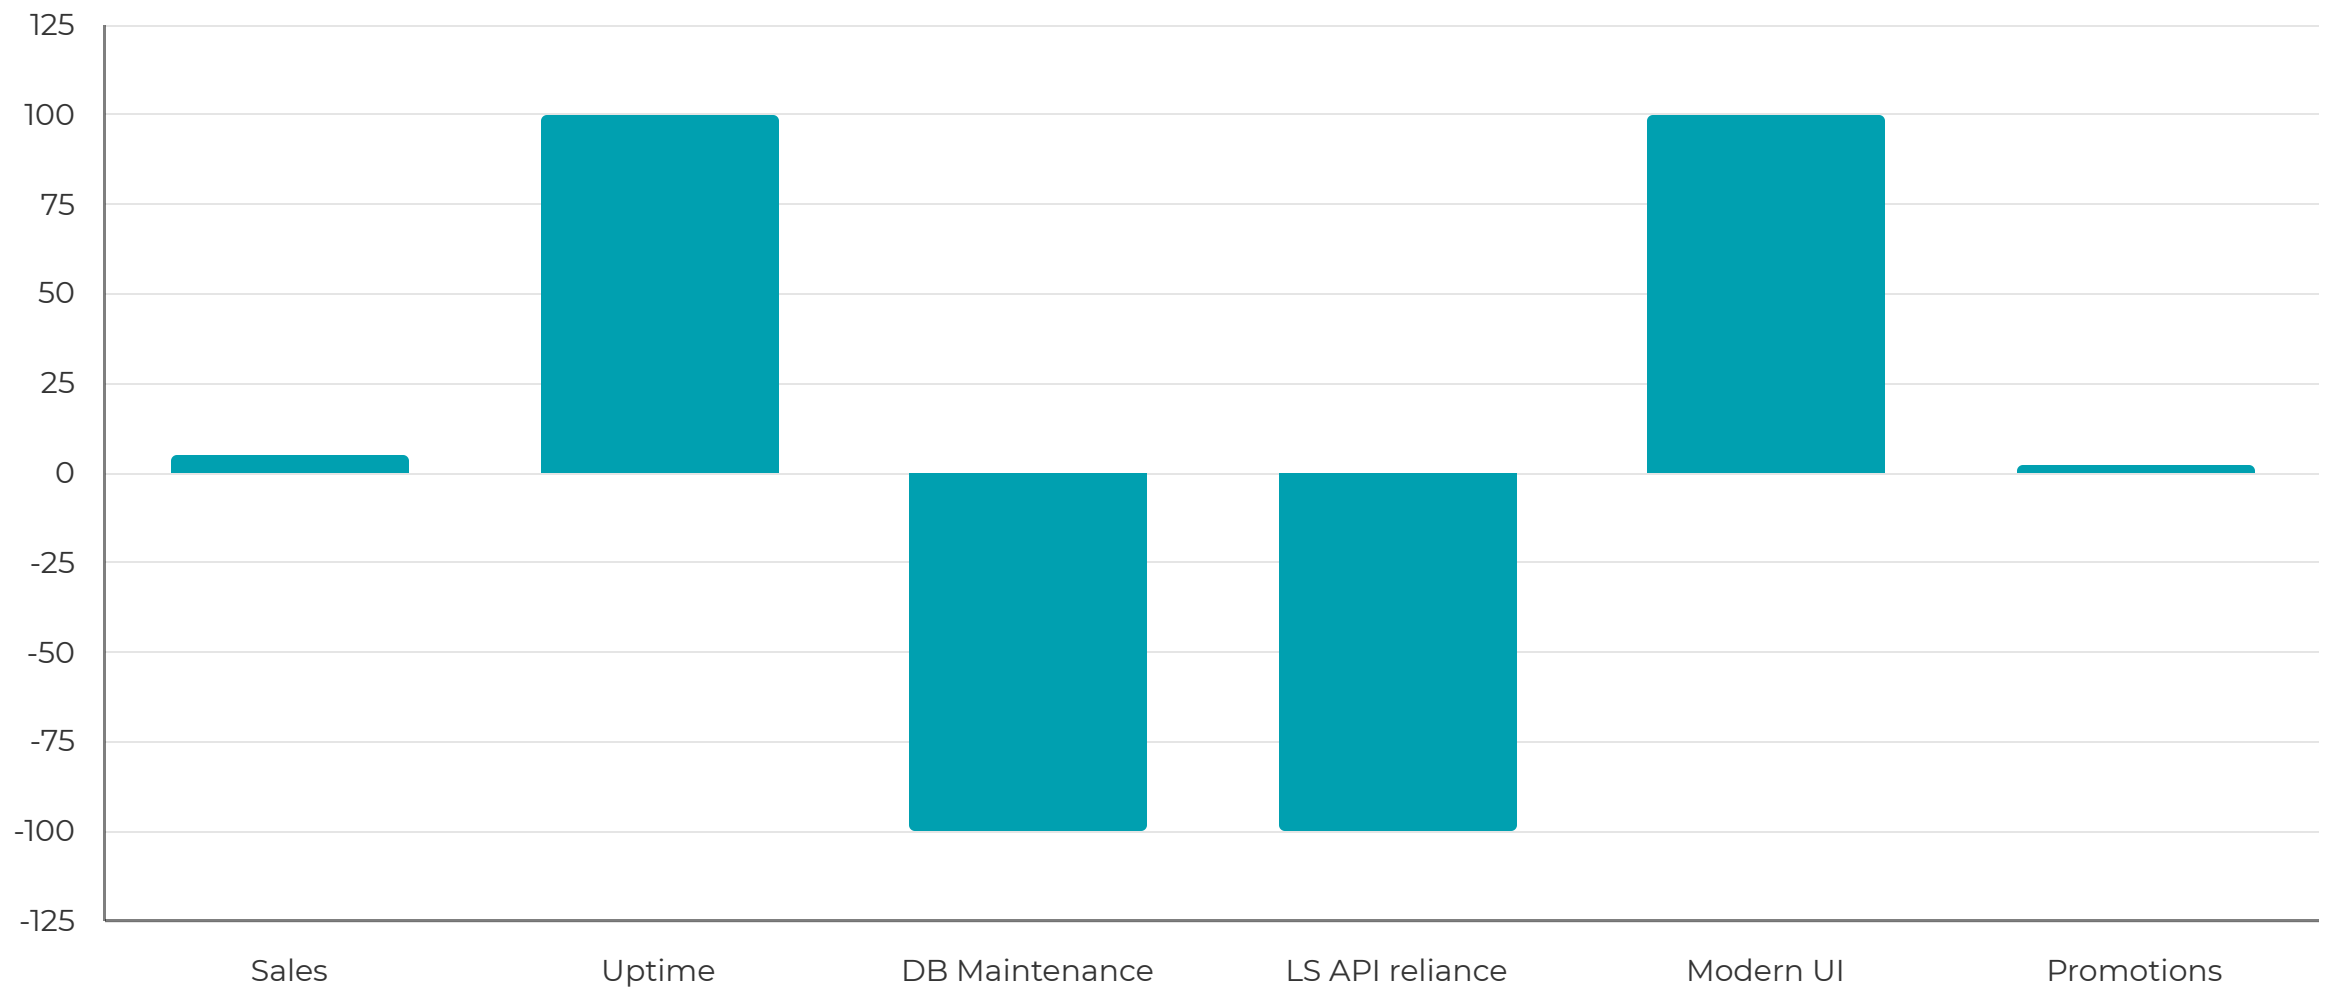

- ✓ Ivan Melul - Mid-level Engineer
- ✓ Wilmer Contreras - Senior Engineer

Proudest Moments

1 Quantify tradeoffs

2 Limit consumer scope creep

3 Avoid big-bang releases

4 Implement tested schema
for new applications

5 Segregate refactoring as a separate
initiative
